Beneficial Ownership

EACH time an account is opened for a covered legal entity, we are now required to ask for the name, address, date of birth, Social Security number, and identifying documentation (i.e. driver's license) for:

- Each individual who directly or indirectly owns 25% or more of the legal entity, **AND**
- One individual with significant control of the legal entity (i.e. CEO, CFO, General Partner, Treasurer, etc.)

If you are opening an account on behalf of a legal entity, you will be required to provide the appropriate documentation to certify that this information is true and accurate to the best of your knowledge.

We understand the information requested through beneficial ownership is sensitive. It is required in order for us to comply with the law. All information collected by Ohio University Credit Union is securely stored and handled with our strict privacy policies.
